

Quick Guide:

Starting a Course with PRS

Directions for the first day of the course. Students should already have ID's entered – Instructions came with clickers when purchase. If not, below here are the step by step instructions.

PRS for Students

1. Turn on switch (slider on the left)
2. Press * (2x)
3. Press Δ and press enter (large green button)
4. Enter student ID (beginning of school email before the @)
 - Press any letter (A,B,C,D, or E)
 - Use ∇ or Δ to scan through the alphabet
 - When finished, press enter
5. Press * and enter (large green button)
6. To join class:

Instructor will display class name and code on yellow bar (left side)

- Class code < > and enter to join
- Class name will appear on screen

You are now ready to answer questions. Please wait for the Instructor

PRS for Instructor

Be sure to have added Response questions and class name before engaging (rosters can be added at a later time).

1. Open your Power Point
2. View show
3. Press Yes (detected Response questions embedded in presentation)
4. Select Class Name in drop down and press ok
5. Small floating tool bar will appear in the upper left hand corner of screen
 - You can either >> to display the tool bar and let students join at the beginning of the lecture or wait until the first question. It will expand automatically at a question.
